Pharmacology

Pharmacology - Assistant, Associate or Full Professor

Location: Seattle, WA

The Department of Pharmacology at the University of Washington School of Medicine (<http://depts.washington.edu/phcol/>) seeks applications for a full-time (100% FTE) tenure-track/tenured Assistant or Associate or Full Professor position from individuals with a Ph.D, M.D., or foreign equivalent. The successful applicant is expected to establish an innovative, robust, externally-funded research program that addresses significant biomedical questions and complements the department's existing strengths in molecular pharmacology, cell signaling, cell biology, neuroscience, structural biology, and large-scale '-omics' studies.

University of Washington faculty engage in teaching, research and service, and the successful candidate will participate in outstanding graduate training programs in Pharmacology as well as interdisciplinary graduate programs in Molecular & Cellular Biology, Neuroscience, Molecular Medicine, and Biological Physics, Structure & Design.

Qualifications

Ph.D in biosciences, M.D., or foreign equivalent.

Application Instructions

Please apply via Interfolio at <http://apply.interfolio.com/38583> including a cover letter, a complete CV, a research statement of up to three pages that describes past accomplishments and future plans, and up to five representative publications. Please arrange three confidential letters of reference to be uploaded electronically to Interfolio. Review of applications will begin on December 1st, 2016. For additional information, please contact Jenny Nelson jennelson@uw.edu
